Reno, NV 89502

Subject: Expediting Services Offered

Knight's Taxidermy Inc. is offering expediting services to Animal Artistry clients, hunting in Alaska. Our expedite/handling fees are \$200 for the 1st animal, and \$150 for each additional animal. This service includes trophies being invoiced, logged into our system, and tagged. All skins are handled, checked over, resalted if necessary, and completely dried for transport. This service does not include fleshing, crating, or shipping. A copy of our fleshing, and crating price lists are attached. A Knight's Taxidermy employee will meet clients, and collect trophies at the airport, upon request. There is no charge for this service. All trophy shipments will be sent in a cardboard box, or wooden crate depending on the species. The first shipping option will be with Alaska Air Cargo to the Reno Airport, as long as the container meets the airline dimension restrictions. Shipments too large for the airline will be freighted, utilizing a barge to Seattle, then trucked to Animal Artistry's address.

Doug Robinson
Office Manager
